

Food Service

The Wonewoc-Union Center School District provides Breakfast and Lunch to all of the students of our district and to the students at the St. Paul's Lutheran School.

Menus are chosen according to State and Federal Food Service Standards and provide balanced meals. If you have any questions about this program, please contact Melissa Gehri (Food Service Director) at 608.464.3165 x125.

Family Payments

Families can make payments to their food service account by coming to the district office or sending a check (Made out to Wonewoc-Center Schools and putting the name of the students in the memo line) to:

Attn:Food Service Account
Wonewoc-Center Schools
101 School Road
Wonewoc, WI 53968

St. Paul's School Families

Payments may be left at St. Paul's School. Only one account will be set up for families with students enrolled at both St. Paul's and WC.

PIN Number

WC Students in grades K-12 will be issued a 4-digit PIN number. This number will remain the same while your child is enrolled at WC. The PIN is used for breakfast & lunch (this is also their WC Library Checkout Number). Students will be responsible for memorizing their PIN number and not to give it out to other students.

Account Balance

The Food Service Program is a self-sustaining program that requires all users to have a positive balance in their accounts. Although we have many students who qualify for the Federal School Lunch Program, even those students could incur charges for their portion of reduced priced meals or ala carte items such as additional milk, etc. Positive balances are recommended in all cases.

Food Service Notices: When food service accounts reach \$15.00 or less, families will be emailed a notice that the account is low on funds and that a deposit is requested.

There are a number of ways that parents/guardians can assure that their accounts are adequate:

1. Use Skyward Family Access to monitor food service balance and usage.
2. Sign up for specific alerts in Family Access.
3. Heed communications from the district.

Family balances are required to be kept current. If the food service account should become overdrawn the account can be locked and food service purchases not be allowed.

Please feel free to contact the Food Service Director with any questions.
